SEC. 29. Section 12201 of the Welfare and Institutions Code is amended to read:

12201. (a) Except as provided in subdivision (d), the payment schedules set forth in Section 12200 shall be adjusted annually to reflect any increases or decreases in the cost of living. Except as provided in subdivision (e), these adjustments shall become effective January 1 of each year. The cost-of-living adjustment shall be based on the changes in the California Necessities Index, which as used in this section shall be the weighted average of changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(1) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food.....	\$ 3,027
Clothing (apparel and upkeep).....	406
Fuel and other utilities.....	529
Rent, residential.....	4,883
Transportation.....	1,757
Total.....	<hr/> \$10,602

(2) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of

Labor Statistics, the percentage change shall be determined for the 12-month period which ends 12 months prior to the January in which the cost-of-living adjustment will take effect, for each expenditure category specified in paragraph (1) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(3) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(4) Calculate a category adjustment factor for each expenditure category in paragraph (1) by (1) adding 100 to the applicable weighted percentage change as determined in paragraph (2) and (2) dividing the sum by 100.

(5) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in paragraph (4).

(6) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in paragraph (4) for the current year by (2) the sum of the expenditure amounts as determined in paragraph (4) for the prior year.

(b) The overall adjustment factor determined by the preceding computational steps shall be multiplied by the payment schedules established pursuant to Section 12200 as are in effect during the month of December preceding the calendar year in

which the adjustments are to occur, and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules for the categories given under subdivisions (a), (b), (c), (d), (e), (f), and (g) of Section 12200, and shall be filed with the Secretary of State. The amount as set forth in subdivision (h) of Section 12200 shall be adjusted annually pursuant to this section in the event that the secretary agrees to administer payment under that subdivision. The payment schedule for subdivision (i) of Section 12200 shall be computed as specified, based on the new payment schedules for subdivisions (a), (b), (c), and (d) of Section 12200.

(c) The department shall adjust any amounts of aid under this chapter to insure that the minimum level required by the Social Security Act in order to maintain eligibility for funds under Title XIX of that act is met.

(d) (1) No adjustment shall be made under this section for the 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, ~~and 2004~~, and 2006 calendar years to reflect any change in the cost of living. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 12201.05, and no further reduction shall be made pursuant to that section.

(2) Any cost-of-living adjustment granted under this section for any calendar year shall not include adjustments for any calendar year in which the cost of living was suspended pursuant to paragraph (1).

(e) For the 2003 calendar year, the adjustment required by this section shall become effective June 1, 2003.

(f) For the 2005 calendar year, the adjustment required by this section shall become effective April 1, 2005.

SEC. 30. Section 12201.03 of the Welfare and Institutions Code is amended to read:

(b) Notwithstanding paragraph (2) of subdivision (d) of Section 12201, any adjustments made pursuant to this section to reflect the pass along of federal cost-of-living adjustments shall be included in the base amounts for purposes of determining cost-of-living adjustments made pursuant to Section 12201.

(c) Notwithstanding subdivision (a), no pass along of any cost-of-living increase in federal benefits under Subchapter 16 (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code shall be made in 1994 and 2006. This provision shall not apply to those persons receiving payments pursuant to subdivisions (e), (g), and (h) of Section 12200.

(d) Notwithstanding subdivision (a), in no event shall the payment schedules be reduced below the level required by the federal Social Security Act in order to maintain eligibility for federal funding under Title XIX of the federal Social Security Act, contained in Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

SEC. 31. Section 12201.05 of the Welfare and Institutions Code is amended to read:
